3i: INTEGRITY | INNOVATION | INFORMATION

Why 3i?

3i is committed to delivering total client satisfaction on all projects. Since 2001, 3i has been working to exceed the expectations of clients and takes pride in transforming client visions into award-winning projects. Combining the right mix of talented, well-versed industry experts, superior client and supplier relationships and proven processes, 3i stays on target with win-win project finishes.

“What you can expect from 3i is a streamlined honest process, built upon open communication and thorough market industry knowledge that dramatically simplifies the construction process. They are a partner to be relied upon from the start of a project, in the concept/budget development phase, through punch out and on through the life of the building. Their commitment to quality and understanding of the importance of a cohesive design makes them a great partner in arriving at solutions to budget constraints helping to meet the financial, functional and aesthetic goals of a project.”
Eddie Davis - Vice President | Southwestern Assemblies of God University

The Meaning of Our Name...

- INTEGRITY** - The 3i team works on each project with the utmost integrity and transparency to create a “one-team” approach to every job. 3i is ready to demonstrate its ability to provide a quality, and timely delivery with an emphasis on efficiency throughout each project.
- INNOVATION** –The 3i team creates value on projects by ensuring that innovation is an integral part of the planning stages. 3i uses the latest technology with proven business models and practices to deliver quality projects that stand the test of time.
- INFORMATION** – The 3i team will work to maintain a positive flow of information so that all points and phases of the project are well communicated. The 3i team understands that the success of each project rests on constant communication and timing of each critical path.

3i understands the basic principles of construction and program management. Our firm offers this service and applies effective management techniques to the planning, design and construction of a project from inception to completion for the purpose of controlling time, cost and quality.

3i manages risks and controls costs at every stage of the project, from pre-construction planning and complete construction oversight to post-construction services. Currently we are offering program management services to Dallas Independent School District and Dallas County Community College District and have performed services for DFW International Airport as well.

- As professionals, we have a vested interest in each client. We take time to understand your unique needs and challenges and utilize our wide-ranging experiences within multiple industries to develop a tailored construction management plan. The opportunity to be engaged during the design phase and to collaborate with the team at such an early stage is a significant advantage. Our preconstruction services ensure every aspect of your project is thoughtfully planned out, including anticipating unexpected issues that would otherwise hold up a job. Your project will meet all your objectives, while adhering to your time and budget requirements.
- We'll implement the latest cutting-edge methods to actively manage the project at this critical stage, controlling costs and schedules ensuring well-coordinated design documents are produced, and maximizing value for your construction investment. Our professional staff will also work with you to retain high-quality contractors within your budget constraints, to ensure that every detail of your project is given proper attention.
- 3i levels the playing field between all the interested parties ensuring that everyone is informed and understands their role, expectations and schedule for completing the project on time.

GENERAL CONTRACTING

3i has years of experience working with owners on some of the most complex projects throughout the State of Texas.

The firm's sector focus is: Higher Education, K-12, Municipalities, Retail, Restaurants, Financial and Religious Markets.

Since its inception, 3i has contracted more than 10 million square feet of general construction projects and has successfully completed the building or renovation of more than 30 schools in the State of Texas.

3i enjoys accolades such as, being the first African American owned general contractor to build a ground up school for Dallas ISD. In addition, 3i teamed with Manhattan Construction Company to build the new AT&T Dallas Cowboy Stadium.

Innovation

3i understands the value of relationships and partnerships. 3i serves on joint venture teams with some of the largest construction firms in the nation. 3i is part of the MJB3 team for the 7-year, \$2 billion airport improvement program (TRIP), at the Dallas-Fort Worth International Airport.

In addition, 3i is a member of the B3CI Joint Venture, in Houston, Texas. Comprised of Balfour Beatty and CBIC, this team is geared towards building education facilities in North Texas.

SELF-PERFORMING CAPABILITIES

QUALITY, EXPERIENCE AND SERVICE

That's Building ... "The 3i Way"

3i has the in-house capability to self-perform sitework, concrete, rough and finish carpentry, electrical and roofing.

- Our ability to employ highly skilled laborers enables us to provide greater quality control.
- By utilizing our own laborers, we are able to deliver additional cost savings to our customers and help control the project schedule.
- 3i's concrete division has performed work for public and private owners throughout the State of Texas.
- Our in-house rough and finish carpentry labor crews allow us to stay in budget and maintain a firm project delivery date.
- The development of our electrical and roofing divisions will continue to provide our clients a quality project at a more energy efficient delivery and price.

By Self-Performing many of the areas of the construction process, our team's primary goal is to satisfy the needs and exceed the expectations of our clients.

Information

Our professional skills in program management are complemented by many years of hands-on management practice on behalf of owners or contractors in facility or construction operations. This broad industry background enables our firm to provide management services and solutions that yield projects of high quality, which are functional and durable and completed on-time within the client’s budget.

STRATEGIC PARTNERS

3i has built its foundation on having an outstanding reputation, solid relationships and the mutual respect of its peers throughout the construction industry. From time to time, a special project arises which requires the talents and expertise of two or more companies that can come together to complement each other for the best interest of the client and the project.

The experience of partnering with large firms on complex projects allows 3i to understand the value of bringing the right team of construction experts to enhance the overall delivery on each and every project.

3i offers a broad range of management services to support large programs or project specific assignments in the education, transportation, civil infrastructure or building market sectors. Our services span all phases of project development and delivery – planning, site selection, design, procurement, construction, operations and maintenance.

Our professionals engage either as independent consultants or staff augmentation resources to the client to offer services that shape a program or project’s vision, plan, function, budget, schedule and quality.

3i is proud to acknowledge the following relationships for bringing a value-added approach to our past projects.

- Manhattan Construction
 - Balfour Beatty
 - Robbins & Morton
 - J.E Dunn Construction
- Satterfield & Pontikes
 - Turner Construction
 - Yates Construction
 - Jacobs Engineering

QUALITY CONTROL

Quality is one of 3i’s staple values. We give our undivided attention to each project to ensure it is built with the most advanced and suitable materials and with the highest of standards. We understand that what we construct builds our name—so we build with pride. We have the most qualified and dedicated staff on hand to make sure that each project follows the job specifications and is built to suit the client.

OUR CULTURE...?

ZERO COMPROMISE TOWARDS SAFETY

SAFETY

At 3i, we believe that achieving excellence in safety performance is a required first step along the way to overall operational excellence. 3i works tirelessly to develop and maintain a safe work environment, placing the highest priority on ensuring a safe, healthy and environmentally-friendly workplace.

On each project, 3i’s highly proactive accident prevention program includes worksite assessments, mandatory occupational safety and health training, written procedures to ensure safe performance of all job tasks, weekly toolbox meetings and regular job site audits.

SATISFIED CLIENTS

Our partners trust that we understand the importance
of delivering a project on time and within budget
with safety as our number one priority...
